Informed Consent for General Dental Procedures

You, the patient, have the right to accept or reject dental treatment recommended by your dentist. Prior to consenting to treatment, you should carefully consider the anticipated benefits and commonly known risks of the recommended procedure, alternative treatments, or the option of no treatment.

Do not consent to treatment unless and until you discuss potential benefits, risks, and complications with your dentist and all of your questions are answered. By consenting to the treatment, you are acknowledging your willingness to accept known risks and complications, no matter how slight the probability of occurrence.

It is very important that you provide your dentist with accurate information before, during, and after treatment. It is equally important that you follow your dentist's advice and recommendations regarding medication, pre and post treatment instructions, referrals to other dentists or specialists, and return for scheduled appointments. If you fail to follow the advice of your dentist, you may increase the chances of a poor outcome.

Please read and initial the items below and sign at the bottom of the form.

1. Treatment to be Provided

I understand that during my course of treatment that the following care may be provided:

Examinations _____ Preventative Services _____ Restorations _____

Crowns _____ Bridges _____ Other _____ Patient Initials _____

2. Drugs and Medications

I understand that antibiotics, analgesics, and other medications can cause allergic reactions causing redness and swelling of tissues; pain, itching, vomiting, and/or anaphylactic shock (severe allergic reaction). Patient Initials _____

3. Changes in Treatment Plan

I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on the teeth that were not discovered during examination, the most common being root canal therapy following routine restorative procedures. I give my permission to the dentist to make any/all changes and additions as necessary. Patient Initials _____

4. I give permission to the dental office to bill my dental insurance provider for the treatment provided, if applicable. Patient Initials _____

FINANCIAL POLICY

All patients must complete a patient registration form, a health history form and the HIPPA form before seeing the doctor or hygienist.

PAYMENTS

- **Full payment is due at the time services are provided.**
- *For comprehensive treatment plans requiring multiple visits, Coral Dental Care requires a minimum deposit of 50% of the total patient portion of fees at the start of treatment.*
- *Patient is always responsible for any amounts not covered by insurance, regardless of whether the original estimate included an expected insurance benefit.*
- *We accept cash, checks, Visa, MasterCard and CareCredit.*

PATIENTS WITH A DENTAL PLAN

If you have dental insurance, we ask that you provide us with all of your insurance information prior to your first appointment. It is important to understand that your actual insurance benefits may differ from the benefits estimated in your Treatment Plan Estimate. Your dental plan may or may not include benefits for certain services rendered in this office.

The Treatment Plan Estimate is just that, an estimate based upon the benefit information dictated to us by your insurance carrier and in no way is a guarantee of benefits. Please understand that your dental plan is a contract between you and your insurance carrier. You, the patient, are responsible for all the services provided and any amount not covered by your insurance.

We are happy to assist you in obtaining the allowable benefits and to process the required forms at no charge despite the time necessary to do so. Claims uncollectible after three months will become the responsibility of the patient and payable in full. If you have 2 insurance policies, a primary and a secondary, we will submit to the primary first and then to the secondary after we receive a statement from the primary insurance company, this process can take between 30-90 days before full payment is received.

CO-PAYMENTS

When we collect co-payments, we are estimating your amount due at the time of service. We try to estimate as close as possible in order for you not to have any additional payment. However, sometimes our estimates leave a balance, in which case you will be responsible for the difference. It is not our intention to have you pay any more than you would owe. If by chance your insurance pays more than we anticipate, we will have no problem reimbursing you.

MAJOR SERVICES

All fees for major services will be discussed prior to treatment, but may be subject to change at the time of your appointment. Your proposed treatment plan is given to you prior to your appointment with detailed treatment explanation; your dental plan estimate and your fees due at the time services are rendered. This proposed treatment plan must be signed before any services are rendered.

FINANCIAL

- A monthly interest charge of 1.5% will be included on accounts that are overdue.
- Any expense incurred from returned checks is your responsibility and will be added to your account balance.
- You will be responsible for an additional 40% of your balance for collection fees incurred.

We encourage you to discuss any financial concerns that you may have so that we may assist you in the effective management of your account.

I have read, understand and agree to the financial policy described above.

Appointment Cancellation Policy

We understand that unplanned issues can come up and you may need to cancel an appointment. If this happens, we respectfully ask that you do give us at least 48 hour notice.

Our doctor and hygienist want to be available for your needs and the needs of all our patients. When a patient does not show up for a scheduled appointment, other patients lose an opportunity to be seen. Although we have always had a cancellation policy, circumstances have caused us to have to enforce the policy and charge for no-show appointment and those not cancelled within 48 hours. ***As of Monday June 1 , 2015 there will be a fee of \$75 charged to any person who does not give 48 hour notice or no-shows for a scheduled appointment.***

Thank you for being a valued patient and for your understanding and cooperation with us as we enforce this policy.
